

GOBOLIGHTS X MIRA

Created in 2015, Mira is the result of the meeting between the talents of two contemporary artists, the painter Yvan Brutsaert and the photographer Laurent Van Ausloos.

Their joint work is a subtle blend of the two arts. Yvan Brutsaert's work is full of strength, intuition, movement and material. Sometimes cosmic, sometimes mineral, his work lets the viewer travel according to his imagination.

THE COLLECTION

The Törö collection was born from the encounter between Mira and Gobolights, both of whom exhibited at Maison&Objet in 2019 with the Belgium is Design project. Mira's artwork meets the world of design in this collaboration with the Gobolights brand.

From this fusion of the two worlds comes a collection of lights: the triptych Törö I and the wall lamp Törö II. Produced in small series in Belgium, these pieces with organic colours and shapes, between art and design, bring a unique touch to your interior.
